DAY 02 – PARACAS-NAZCA

Tour to Ballestas which are located 1 hour and 30 minutes from the coast and consists of small islands that are habitat for diverse species of birds, sea lions and penguins. Due the high concentration of birds, these islands are full of guano, fertilizer exploited by the State.

Bus from Paracas to Nazca . Upon on arrival in Nazca, transfer to the hotel. Nazca is a city founded in 1951. It is an above the Southern Coast of Peru, its climate is dry and warm. It was the origin of ones of the greatest culture of the Pre-Inca period. The mysterious markings on the desert called "The plains of Nazca "are known all over the word. These drawings design by unknown and ancient people only make sense from the air. At present the origin and meaning are unknown. Overnight in Nazca.

Overnight in Nazca.

DAY 03 – PARACAS-NAZCA

Today early morning flight over the Nazca lines. The world of Nazca is associated all over the world with the huge geometrical figures that hundreds of years ago were etched on the extensive plains of the Peruvian coastal desert. The mysteries of the Nazca lines remain unsolved. Why they were made, by whom they were constructed and how they were built have attracted the attention of thousands of people, from eager travelers to well know scientists. The Nazca Lines and figures hold many secrets and mysteries, still without explanation, even for the numerous scholars from all over the world that have invested much of their time and effort.

After the over flight, tour to Chauchilla Cemetery, where individual and multiple burials can be seen. In the multiple tombs are believed to be important persons buried in the company of their servants. The bodies were mummified, exposing only the head from the mummy bundle, which was covered, in some cases with feather masks.
